

The Football Diaries

URBAN THEATRE PROJECTS

TOUR OF SOUTH AFRICA: 3 - 10 JULY 2010

Proudly Presented by The Australian High Commission, Urban Theatre Projects & National Arts Festival of South Africa

On a life-long quest to create football that is beautiful, Australian Ahilan Ratnamohan encounters the ugliness of humanity and a curious relationship between sport, art and philosophy. Athletic virtuosity, explosive physicality and dreams of unknown futures in far-flung places converge in this evocative and insightful show.

“Enveloped by sound and video, the experience is one of being on the field, ready for a pass, and a part of this unique and moving journey!” Bankstown-Canterbury Torch
